LOG IN USING AUTHENTICATOR CHROME BROWSER PLUG-IN

5 Login to Online Banking in a separate browser

The image shows the Western Security Bank login page. At the top left is the logo for Western Security Bank, a division of Glacier Bank. Below the logo is a form with a 'Username' field containing 'TestCustomer' and a 'Switch' button. Below that is a 'Password' field with the placeholder text 'Enter your password'. To the right of the password field is a 'Forgot?' link. At the bottom left is a 'Sign in with a passkey' button with a fingerprint icon. At the bottom right is a blue 'Sign in' button.

6 Select Get Started

The image shows a screen titled 'Protect your account with 2-step verification'. It explains that for unrecognized devices, a password and a verification code are required. Below the text are two options: 'Add an extra layer of security' (with a lock icon) and 'Keep the bad people out' (with a shield icon). A blue 'Get started' button is at the bottom.

7 Select Authenticator app

The image shows a screen with three options for 2-step verification: 'Voice or text message', 'Authy', and 'Authenticator app'. The 'Authenticator app' option is highlighted with a blue border. It includes a description: 'Using a different authenticator app? We support using any authenticator app using either a QR code scan or manual code entry.'

8 Copy Secret code into your GAuth browser tab and click +Add to finish the setup

The image shows the 'Use an authenticator app' setup screen. It features a QR code and a 'Secret key' field containing a long alphanumeric string. A red arrow points from the secret key to the '+Add' button in the bottom right corner of the screen.

9 Copy the numeric one-time PIN to your Online Banking login

The image shows the authenticator app's one-time PIN screen. It displays a numeric PIN '989381' and a QR code. A red arrow points from the PIN to the 'Verification code' field on the login page below.

10 You're all set!!

The image shows a success confirmation screen with a large green checkmark icon. Below the icon, it says 'You're all set!' and 'From now on, you'll use an authenticator app to sign in to your account.' A blue 'Done' button is at the bottom.
