

A scenic mountain landscape with a deer in the foreground. The background features snow-capped mountains and green hills. In the foreground, a deer with large antlers is lying down on a grassy field with yellow wildflowers. The image is split into two main sections: a light blue/white area on the left and a dark blue area on the right.

Online Banking ADMINISTRATOR GUIDE

Welcome!

This guide gives you the tools and knowledge to securely manage user access, transactions, and system settings in your Online Banking environment. If you have questions, please contact your bank for assistance.

Online Banking

Logging into Online Banking

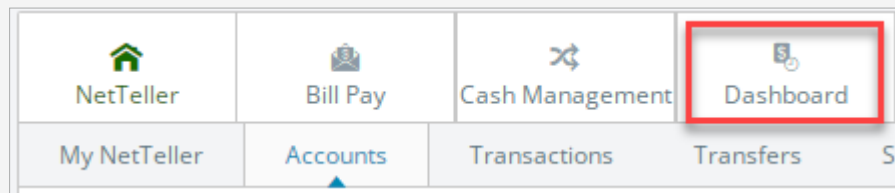

When you first log into Online Banking, you will be in our new online banking system. We have a helpful Online Banking User Guide to help you navigate the new system.

You will complete most of the basic online banking functions in the updated online banking system. These include viewing account and transaction information (balances, statements, stop payments, check order) along with making transfers between your accounts.

When you are ready to conduct your Bill Pay or other Cash Management transactions, click the **Cash management** option in the left pane of the new online banking system. This will take you into the prior system. All the functionality is the same as it was before.

When you are ready to switch back to the new online banking system, click the **Dashboard** button in the top row.

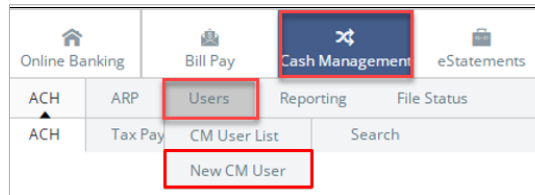

Online Banking

Add New Online Banking User

Step 1

In Online Banking, click **Cash Management > Users > New CM User**.

Step 2

Complete the **Cash User Settings**.

- **User Name** – Enter the user's Full Name (First and Last name).
- **Administration** – Assign the level of authority a user has regarding making changes for a company. This access should be limited.
 - o **No** – User cannot create or edit users or change settings.
 - o **Yes** – User can create and edit users, change company email address and account nicknames and register company for Mobile Banking and Electronic Statements.
 - o **Partial** – User can change company email address, account nicknames and register company for Mobile Banking. User cannot create or edit users or enroll the company in Electronic Statements.
 - o **View** – User can view existing User Settings. The user cannot create or edit users or change other Online Banking settings.
- **Wire Password** – For transmitting outgoing domestic wires.
 - ▲ **Note:** *This is a four-digit numerical password.*
- **View Position/Activity Report** – To access BIA Download file (if applicable).
- **Hold User** – Prevents the user from having online access. Leave blank for new user.
- **Mobile Phone Number** – For alerts sent via text messaging.
- **Wireless Provider Address** – Wireless carrier for Mobile Phone Number. Click **Carrier Search** if needed.

* User Name

* Email Address

Administration

Wire Password
*Only if transmitting wires

View Position/Activity Report ☒ BAI File Download

Hold User ☐ Blank for new User

Mobile Phone Number:

Wireless Provider Address:

Standard wireless carrier charges may apply

Enter your mobile device phone number and then select your wireless carrier to establish an address for alerts sent via text messaging.

No: Cannot create or change settings
Yes: Can create/edit users
Change - email and account names
Enroll - Mobile Banking and eStatements
Partial: Change - email and account names
Enroll - Mobile Banking
View: Sees user list and user settings

Online Banking

Step 3

Edit the daily **Access Times** to indicate which days and times the user can access Online Banking.

Skip this section if you wish to allow **ALL day access**.

Online Security: Limiting online access to match the user's work schedule can enhance security and protect online information from *external threats* during unusual or unnecessary hours.

ALL day access		Restricted Schedule	
Access Times	Begin Time (hh:mm AM/PM) End Time (hh:mm AM/PM)	Access Times	Begin Time (hh:mm AM/PM) End Time (hh:mm AM/PM)
Monday	12 01 AM 11 59 PM <input type="checkbox"/> Never on this day <input type="checkbox"/> All Day	Monday	07 00 AM 06 00 PM <input type="checkbox"/> Never on this day <input type="checkbox"/> All Day
Tuesday	12 01 AM 11 59 PM <input type="checkbox"/> Never on this day <input type="checkbox"/> All Day	Tuesday	07 00 AM 06 00 PM <input type="checkbox"/> Never on this day <input type="checkbox"/> All Day
Saturday	12 01 AM 11 59 PM <input type="checkbox"/> Never on this day <input type="checkbox"/> All Day	Saturday	12 01 AM 11 59 PM <input checked="" type="checkbox"/> Never on this day <input type="checkbox"/> All Day
Sunday	12 01 AM 11 59 PM <input type="checkbox"/> Never on this day <input type="checkbox"/> All Day	Sunday	12 01 AM 11 59 PM <input checked="" type="checkbox"/> Never on this day <input type="checkbox"/> All Day
All times are	Central Time	All times are	Central Time

⚠ **Note:** Update to your local Time Zone.

Step 4

Select Payments Access is our Remote Deposit Capture and Payment Services solution. Select **Yes** to **Enable EPS Access for this User** if the user will scan checks or schedule payments.

Select Payments Access

Enable EPS Access for User ☐ Yes ☒ No

Step 5

Enter amounts in the appropriate limit fields for this user, up to your Company Maximum Limit.

<input type="checkbox"/> Enable EPS Access for this User	
Daily ACH Limit	Per Wire Limit
Transfer Limit	Daily Wire Limit
Dual Wire Control <input type="checkbox"/>	Dual Wire Control Limit

- **Daily ACH Limit** – Maximum amount the user can initiate in ACH transactions per day.
- **Transfer Limit** – Maximum amount the user can transfer between viewable Mountain West Bank accounts.
- **Per Wire Limit** – Maximum amount the user can initiate per wire.
- **Daily Wire Limit** – Maximum amount the user can initiate per day for all wire transfers.
- **Dual Wire Control** – Requires two users to transmit a wire.

Online Security: Utilizing **Dual Wire Control** enhances security against *external threats*.

⚠ **Note:** Dual control is highly recommended and may be required by the bank.

- **Dual Wire Control Limit** – If Dual Wire Control is enabled, any wire over this amount will require a second user to transmit the wire.

⚠ **Note:** Highly recommend leaving **Dual Wire Control Limit** blank (\$0) to require dual action on all wires.

Online Banking

Step 6

Check the box(es) to enable the applicable **ACH Entitlements** for this user. Refer to the [ACH Entitlement Scenarios](#) section of this guide to view various scenarios for a new user. After checking all applicable entitlements, click **Submit** at the bottom of the screen.

<input type="checkbox"/> Display / Download ACH	<input type="checkbox"/> Work with ACH	<input type="checkbox"/> Import Record
<input type="checkbox"/> Full ACH Control	<input type="checkbox"/> Quick Edit ACH Only	<input type="checkbox"/> Update Record
<input type="checkbox"/> Initiate ACH	<input type="checkbox"/> Edit Recurring ACH	<input type="checkbox"/> Upload ACH
<input type="checkbox"/> Initiate Same Day ACH	<input type="checkbox"/> Delete ACH	<input type="checkbox"/> Restricted Batch Access
<input type="button" value="Cancel"/>		<input type="button" value="Submit"/>

- **Display/Download ACH** – View ACH batches and download batch information in PDF or NACHA format.
- **Full ACH Control** – Determines if a user can perform multiple actions within a batch without requiring action from a second user. This entitlement will allow the user to initiate a one-time or recurring ACH transaction.
 - **Unchecked** – A second user will need to initiate a batch.
 - **Checked** – The user creating/editing the batch can also initiate the batch.

Online Security: Utilizing **Full ACH Control** enhances security against *external threats*.

▲ **Note:** *Full ACH control is highly recommended and may be required by the bank.*

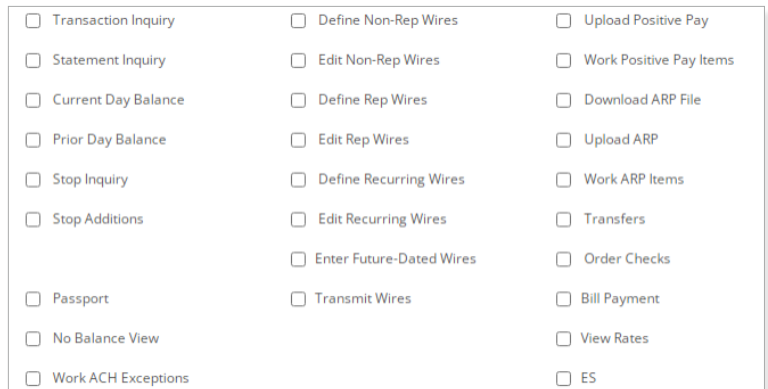

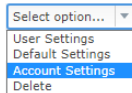

- **Initiate ACH** – Sends an ACH batch to the bank for processing.
- **Initiate Same Day ACH** – Sends an ACH batch to the bank for Same Day processing if submitted before 2 pm Mountain Time. *Additional fee may apply.
 - ▲ **Note:** *User must have Initiate ACH selected.*
- **Work with ACH** – Create and modify ACH batches.
- **Upload ACH** – Upload a NACHA formatted file produced from an accounting software.
- **Delete ACH** – Delete an ACH batch.
 - ▲ **Note:** *Deleted batches cannot be restored.*
- **Quick Edit ACH Only** – User can only edit transaction amounts.
 - ▲ **Note:** *Only Work with ACH or Quick Edit ACH Only can be selected, not both.*
- **Edit Recurring ACH** – Create and modify recurring ACH batches based on a selected frequency.
- **CM Reports** – View various transaction reports for account(s) and time frames. Save reports to pull the report at any time without having to reenter search criteria information.
- **Import Record** – Upload a fixed-position, CSV or tab-delimited file. The file can only contain transaction items, no header or footer information.
- **Update Record** – Updates only the dollar amount of transactions within a batch by uploading a fixed-position, CSV or tab-delimited file.
- **Restricted Batch Access** – Create and view restricted batches/categories.

Online Banking

Step 7

The next screen shows the **User Entitlements**. Refer to the [User Entitlement Scenarios](#) section of this guide to view the entitlements to select for a new user in various scenarios.

▲ **Note:** If returned to the CM User List, locate the new user and select **Default Settings** to access User Entitlement fields.

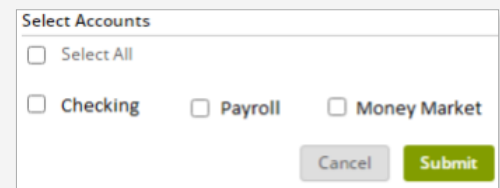

- **Transaction Inquiry** – View account transactions.
- **Statement Inquiry** – View statement activity.
- **Current Day Balance** – View the current day balance information.
- **Prior Day Balance** – View the prior day balance information.
- **Stop Inquiry** – View stop payment on the account.
- **Stop Additions** – Add a stop payment request on the account.
- **Passport** – N/A, not utilized.
- **No Balance View** – Restricts the user's view of any account balances while viewing transactions.
▲ **Note:** This right will also need to be checked in the [Account Entitlements](#) screen for each applicable account.
- **Work ACH Exceptions** – Work ACH Positive Pay exception items.
- **Define Non-Rep Wires** – Create non-repetitive wire transfers.
- **Edit Non-Rep Wires** – Edit non-repetitive wire transfers.
- **Define Rep Wires** – Create repetitive wire transfers.
- **Edit Rep Wires** – Edit repetitive wire transfers.
- **Define Recurring Wires** – Create recurring wire.
- **Edit Recurring Wires** – Edit recurring wires.

- **Enter Future-Dated Wires** – Initiate a wire with a future date up to 14 days in advance.
- **Transmit Wires** – Transmit wire transfers to the bank for processing.
- **Upload Positive Pay** – N/A, not utilized.
- **Work Positive Pay Items** – N/A, not utilized.
- **Download ARP File** – Download an Account Reconciliation/Positive Pay file (i.e. Cleared Checks, Outstanding Checks).
- **Upload ARP** – Upload an Account Reconciliate/Positive Pay file to report checks issued.
- **Work ARP Items** – Work Account Reconciliation/Positive Pay items (i.e. suspicious checks).
- **Transfers** – Schedule funds transfer between viewable Mountain West Bank accounts.
▲ **Note:** Further restrictions on whether the user can transfer from or to an account are defined at the account level.
- **Order Checks** – N/A, not utilized.
- **Bill Payment** – Pay bills through the bank's Bill Pay system.
▲ **Note:** Refer to the [Enable User Bill Pay Access](#) section of this guide for additional rights.
- **View Rates** – N/A, not utilized.
- **ES** – N/A, not utilized.

Step 8

The accounts available for this Company are listed in the **Select Accounts** section of this screen. After checking all applicable entitlements, click **Submit** at the bottom of the screen and you will be returned to the CM User List displaying all users.

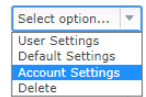

▲ **Note:** If you check more than one account, you will further define the entitlements for each account on the next screen in the **Account Settings**.

Online Banking

Step 9

By default, all User Entitlements selected on the previous screen are applied to each account. If there is a need to customize or restrict access for a certain account, locate the new user in the list and, from the **Select option...** drop-down, select **Account Settings** to adjust the **Account Entitlements** as needed. These entitlements are all the things the user *could do* on a *specific account*. Refer to previous sections of this guide for field details. After reviewing the entitlements for each account, click **Submit** at the bottom of the screen.

- **View Access For Account** – Select the account from the drop-down list.
- **Wire Limits & Dual Wire Control** – These fields default from the maximum limits set up on the **Wire Transfer Initiation** section.
 - o Change the limits to \$0.00 to remove the user's access to initiate a wire on the selected account.
 - o Remove the check from the Dual Wire Control box to disable dual control. Change the amount in the Dual Wire Control Limit to set the maximum amount that the user can initiate a wire without requiring dual control.
- **View Electronic Documents** – If enrolled in eStatements, user can view eStatement and check images for each account selected.
- **No Balance View** – Restricts the user's view of account balances for each selected account.
- **Transfer To/From** – If user has transfer rights enabled, box is checked to allow them to transfer to and from this account. Uncheck to restrict.
- Check/uncheck the box(es) to enable/disable the entitlements for this user for the selected account.
- Repeat these steps for each account in the drop-down list.

Step 10

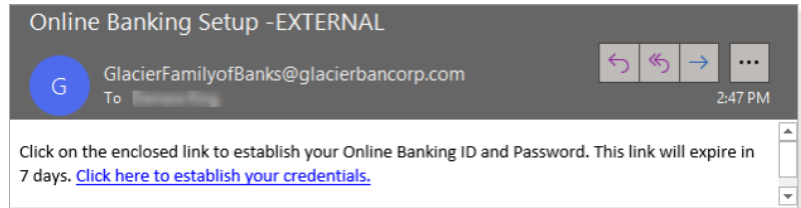

After clicking **Submit**, you are directed back to the **CM User List** screen. Click **Send** to notify the new user about their new online banking access.

Online Banking

Automated New User Email

Step 1

The user will receive an email containing a link to establish their credentials.

Step 2

The user will be prompted to enter an **Online Banking ID** and **Password** and complete other first-time login prompts.

A screenshot of a web form titled 'Activate Account'. The form has a blue header bar with the title. Below the header, it says 'To access your accounts, please establish your ID and Password'. The main section is titled 'Create your new Online Banking credentials'. It contains three input fields: 'Online Banking ID', 'Online Banking Password', and 'Confirm Online Banking Password'. A green 'Continue' button is located at the bottom right of the form.

New User Instructions

The following best practices information is helpful to communicate to new users:

To protect your online access:

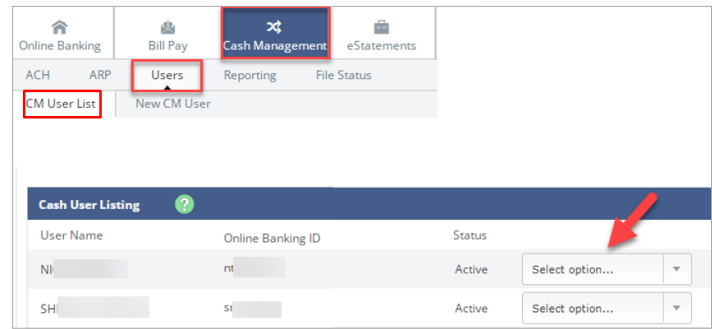

- **USER IDs and PASSWORDS** should include letters, numbers and special characters. Example: \$unnyD@y\$9
 - o Avoid using your email, name, or business name as part of your ID.
 - o Avoid reusing IDs and passwords from other websites that you access. Keep credentials unique.
- **SECURITY TOKEN** must be registered within 15 days. This app will provide a random 6-digit code for each login.
 - o Download VIP Access from your smart phone's apps library.
- **IP RESTRICT** may be utilized by your company, which allows users to only login from authorized internet addresses.
 - o If your address is not recognized, you will receive the error "Attempting to login from an unknown source."
 - o Work with your Admin or bank to get your IP address added to the authorized list.
- **BE CAUTIOUS** of unsolicited emails with files or links requesting you to update personal or login information.
 - o Call your bank to verify if unexpected correspondence is legitimate.

Online Banking

Edit User Online Banking Access

Step 1

In Online Banking, click
Cash Management > Users > CM User List.

Step 2

From **Select option...** choose the settings you wish to edit.

- **User Settings** – Name, email address, passwords, mobile number, Time/Day schedule, limits and ACH rights
- **Default Settings** – Viewing, transfer, stop payment, bill payment access and accessible accounts
- **Account Settings** – Access rights allowed per account

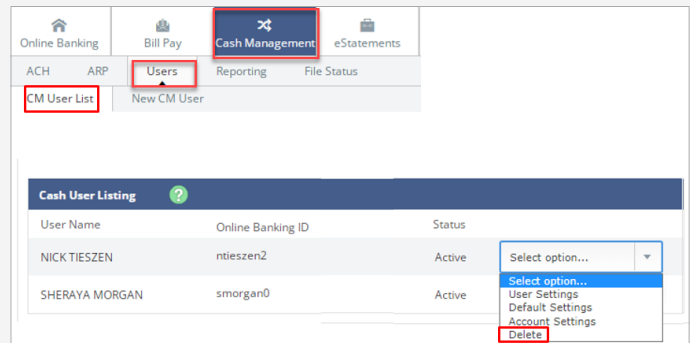

Step 3

After changes are applied, click **Submit**.

Disable or Delete User Online Banking Access

Step 1

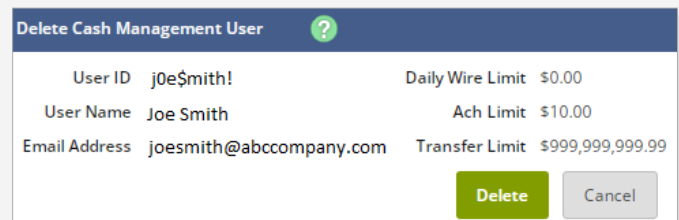

In Online Banking, click **Cash Management > Users > CM User List > Delete.**

Step 2

In the next screen, click **Delete** to confirm deletion.

▲ **Note:** If the user has access to [Bill Pay](#) or [EPS SmartPay Remote Deposit](#) access, delete the user from those systems.

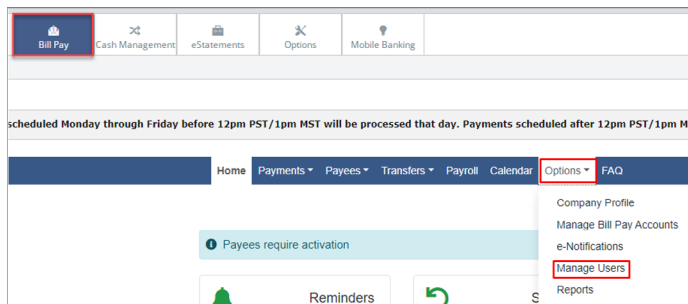

Bill Pay

Enable User Bill Pay Access

⚠ Note: The new user must first log in to Online Banking and complete the Bill Pay Enrollment prior to the Administrator setting up Bill Pay rights.

Step 1

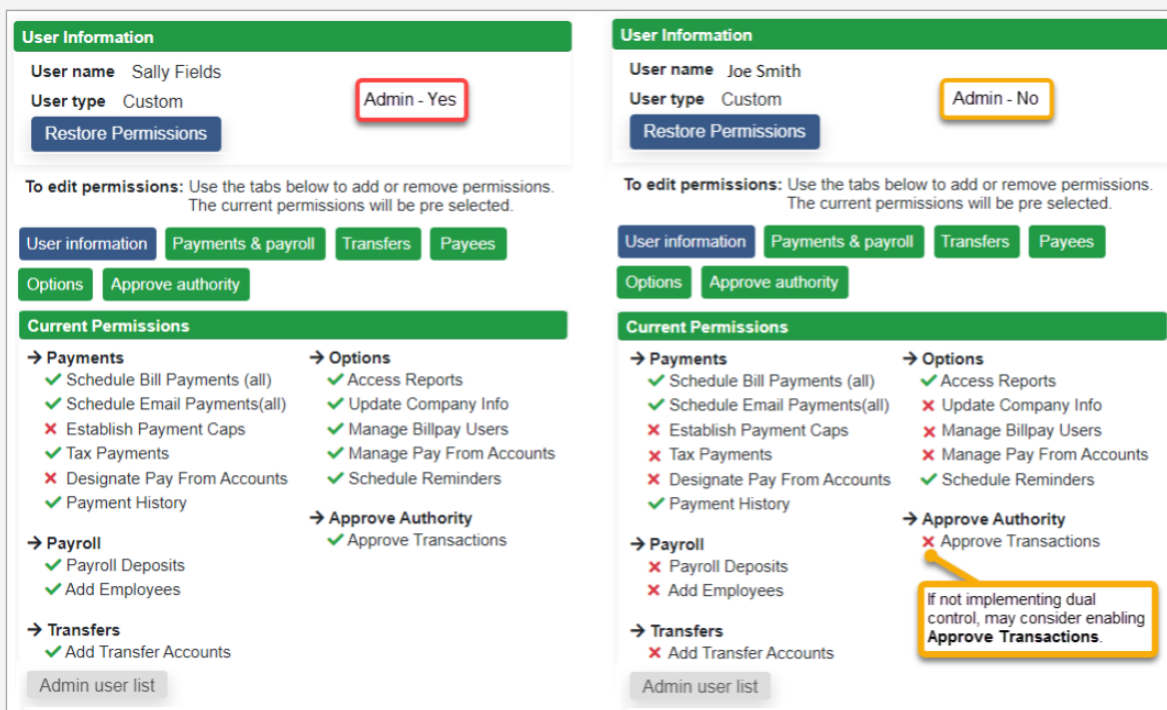

In Online Banking, click **Bill Pay** > **Options** > **Manage Users**.

Step 2

The **Current Permissions** section of the **User Information** screen displays the default permissions for the user. Users that have not been designated as an Administrator will have limited access. Additional access can be granted as needed. Refer to the [Bill Pay Permission Detail](#) section of this guide to view the entitlement descriptions.

- **Administrator** – Payments will process without delay.
- **Non-Administrator** – Payments will need secondary approval unless Approve Transactions is enabled under Approve Authority.

Step 3

Click the corresponding tab to edit the Permission settings. Refer to the [Bill Pay Permission Detail](#) section of this guide for detailed description of each permission.

Click **Save** after editing the Permissions.

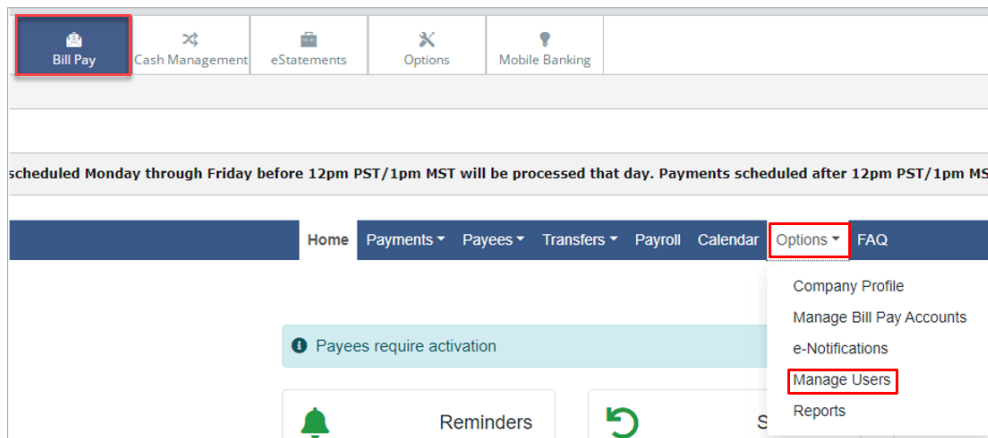

Bill Pay

Edit User Bill Pay Access

Step 1

In Online Banking, click **Bill Pay > Options > Manage Users**.

Answer your **Security Question**.

Step 2

Select one of the following:

- **Edit** – Change name, User ID, email, mobile phone.
- **Permissions** – Change access rights. Refer to the [Bill Pay Permission Detail](#) section of this guide for Permission definitions.

Make edits and click **Save**.

EPS SmartPay

Enable User EPS SmartPay User Access

Step 1

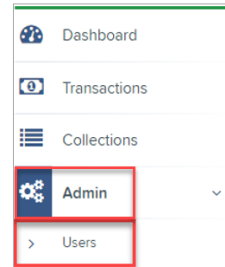

In Online Banking, click **EPS**.

Step 2

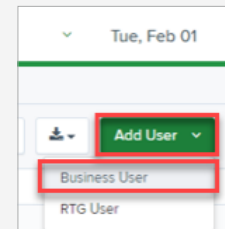

In the new screen, click **Admin > Users** in the left menu.

⚠ **Note:** If **Admin** is not an option in this screen, contact the bank.

Step 3

Click **Add User > Business User** in the right side of the screen.

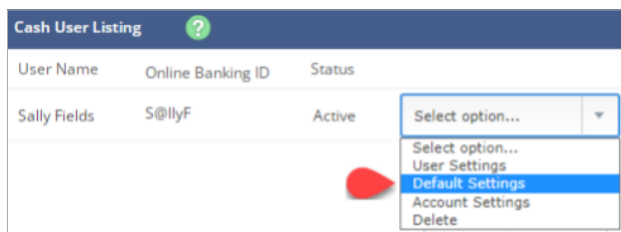

Step 4

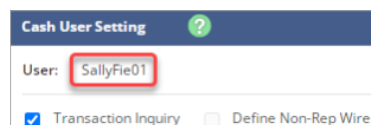

Complete the **Add User Settings** section.

- **Enabled** – If checked, user is Enabled.
- **Full Name** – The full name of the user (first and last).
- **User Name** – The user's name for logging in to EPS.
 - o Best practice is to use the same User Name as their Online Banking User Name.
- **Cash Mgmt ID** – The Online Banking User.

⚠ **Note:** This field must match the User in the **Default Settings** screen located in Online Banking under Cash Management > Users > CM User List > Default Settings.

- **Email Address** – Email address for the user.

A screenshot of the Add User Settings form. The form contains fields for Enabled, Authorized Caller, Full Name, User Name, User Location, Cash Mgmt ID, Email Address, Auto Disable, Dual Auth Amount, and Dual Auth Status. A red arrow points to the 'Cash Mgmt ID' field.

EPS SmartPay

Step 5

Select the **Privileges for this User**, then click **Add**.

- **Administrator** – Only enable to set user as an Administrator.
- **Customer Services** – Allows user to process transactions.
- **Reports** – Allows user to pull reports.

Privileges for this User	
Enabled	Privilege
<input type="checkbox"/>	Administrator
<input checked="" type="checkbox"/>	Customer Services
<input checked="" type="checkbox"/>	Reports

Step 6

The **Roles** and **Locations** sections are now displayed.

- Click the **arrow** next to each section to expand  or collapse  and see available options.

⚠ Note: Administrators will only be able to expand Roles in which the Privilege is enabled for the company.

- Check the **Enabled** box for roles (features) the user will access.
- Check the **Enabled** box for locations (accounts) the user will access.

⚠ Note: Check the box under **Enabled** to turn on all accounts or select each one individually.

Refer to the [EPS SmartPay User Scenarios](#) section of this guide to view the entitlements to select for a new user in various scenarios.

Select **Update** to finish assigning roles and locations for this user.

Roles within the Customer Services Privilege			^

Cutoff Time for Transaction Processing

The cutoff times for our electronic services are listed below. Contact the bank if you have any questions regarding these cutoff times. All times are Mountain Time.

- **ACH** – 5:00 pm MT
- **Same Day ACH** – 2:00 pm MT
- **Bill Pay** – 1:00 pm MT
- **Wire Transfer** – 4:15 pm MT

ACH Entitlement Scenarios

The following indicate the entitlements to select for a new user in various scenarios:

Scenario 1 – Full Control

Single User processing ACH transactions:

(Processing payroll or collecting payments)

<input checked="" type="checkbox"/> Display / Download ACH	<input checked="" type="checkbox"/> Work with ACH	<input type="checkbox"/> Quick Edit ACH Only	<input type="checkbox"/> Import Record
<input checked="" type="checkbox"/> Full ACH Control	<input type="checkbox"/> Upload ACH		<input type="checkbox"/> Update Record
<input checked="" type="checkbox"/> Initiate ACH	<input checked="" type="checkbox"/> Delete ACH		<input type="checkbox"/> Restricted Batch Access
<input checked="" type="checkbox"/> Initiate Same Day ACH			

Scenario 2 – Dual Control

Two users processing ACH transactions:

(User enters / Owner initiates payroll)

<input checked="" type="checkbox"/> Display / Download ACH	<input checked="" type="checkbox"/> Work with ACH	<input type="checkbox"/> Quick Edit ACH Only	<input type="checkbox"/> Import Record
<input type="checkbox"/> Full ACH Control	<input type="checkbox"/> Upload ACH		<input type="checkbox"/> Update Record
<input checked="" type="checkbox"/> Initiate ACH	<input checked="" type="checkbox"/> Delete ACH		<input type="checkbox"/> Restricted Batch Access
<input checked="" type="checkbox"/> Initiate Same Day ACH			

Scenario 3 – Using Accounting Software to produce file:

<input checked="" type="checkbox"/> Display / Download ACH	<input checked="" type="checkbox"/> Work with ACH	<input type="checkbox"/> Quick Edit ACH Only	<input checked="" type="checkbox"/> Import Record
<input checked="" type="checkbox"/> Full ACH Control	<input checked="" type="checkbox"/> Upload ACH		<input checked="" type="checkbox"/> Update Record
<input checked="" type="checkbox"/> Initiate ACH	<input checked="" type="checkbox"/> Delete ACH		<input type="checkbox"/> Restricted Batch Access
<input checked="" type="checkbox"/> Initiate Same Day ACH			

Scenario 4 – Only allowed to enter/update payroll:

<input checked="" type="checkbox"/> Display / Download ACH	<input checked="" type="checkbox"/> Work with ACH	<input type="checkbox"/> Quick Edit ACH Only	<input type="checkbox"/> Import Record
<input type="checkbox"/> Full ACH Control	<input checked="" type="checkbox"/> Upload ACH		<input type="checkbox"/> Update Record
<input type="checkbox"/> Initiate ACH	<input checked="" type="checkbox"/> Delete ACH		<input type="checkbox"/> Restricted Batch Access
<input type="checkbox"/> Initiate Same Day ACH			

Scenario 5 – User who only approves batches:

<input checked="" type="checkbox"/> Display / Download ACH	<input type="checkbox"/> Work with ACH	<input type="checkbox"/> Quick Edit ACH Only	<input type="checkbox"/> Import Record
<input type="checkbox"/> Full ACH Control	<input type="checkbox"/> Upload ACH		<input type="checkbox"/> Update Record
<input checked="" type="checkbox"/> Initiate ACH	<input type="checkbox"/> Delete ACH		<input type="checkbox"/> Restricted Batch Access
<input checked="" type="checkbox"/> Initiate Same Day ACH			

Scenario 6 – User who only enters payroll amounts:

<input checked="" type="checkbox"/> Display / Download ACH	<input type="checkbox"/> Work with ACH	<input checked="" type="checkbox"/> Quick Edit ACH Only	<input type="checkbox"/> Import Record
<input type="checkbox"/> Full ACH Control	<input type="checkbox"/> Upload ACH		<input type="checkbox"/> Update Record
<input type="checkbox"/> Initiate ACH	<input type="checkbox"/> Delete ACH		<input type="checkbox"/> Restricted Batch Access
<input type="checkbox"/> Initiate Same Day ACH			

Resources

Online Banking Entitlement Scenarios

The following indicate the entitlements to select for a new user in various scenarios:

Scenario 1

Full access to accounts:

<input checked="" type="checkbox"/> Transaction Inquiry	<input type="checkbox"/> Define Non-Rep Wires	<input type="checkbox"/> Upload Positive Pay
<input checked="" type="checkbox"/> Statement Inquiry	<input type="checkbox"/> Edit Non-Rep Wires	<input type="checkbox"/> Work Positive Pay Items
<input checked="" type="checkbox"/> Current Day Balance	<input type="checkbox"/> Define Rep Wires	<input type="checkbox"/> Download ARP File
<input checked="" type="checkbox"/> Prior Day Balance	<input type="checkbox"/> Edit Rep Wires	<input type="checkbox"/> Upload ARP
<input checked="" type="checkbox"/> Stop Inquiry	<input type="checkbox"/> Transmit Wires	<input type="checkbox"/> Work ARP Items
<input checked="" type="checkbox"/> Stop Additions	<input checked="" type="checkbox"/> Bill Payment	<input checked="" type="checkbox"/> Transfers
<input type="checkbox"/> Passport	<input type="checkbox"/> View Rates	<input type="checkbox"/> Order Checks
<input type="checkbox"/> No Balance View	<input type="checkbox"/> ES	
<input type="checkbox"/> Work ACH Exceptions		

Scenario 2

Create and transmit wire transfers:

<input type="checkbox"/> Transaction Inquiry	<input checked="" type="checkbox"/> Define Non-Rep Wires	<input type="checkbox"/> Upload Positive Pay
<input type="checkbox"/> Statement Inquiry	<input checked="" type="checkbox"/> Edit Non-Rep Wires	<input type="checkbox"/> Work Positive Pay Items
<input type="checkbox"/> Current Day Balance	<input checked="" type="checkbox"/> Define Rep Wires	<input type="checkbox"/> Download ARP File
<input type="checkbox"/> Prior Day Balance	<input checked="" type="checkbox"/> Edit Rep Wires	<input type="checkbox"/> Upload ARP
<input type="checkbox"/> Stop Inquiry	<input checked="" type="checkbox"/> Transmit Wires	<input type="checkbox"/> Work ARP Items
<input type="checkbox"/> Stop Additions	<input type="checkbox"/> Bill Payment	<input type="checkbox"/> Transfers
<input type="checkbox"/> Passport	<input type="checkbox"/> View Rates	<input type="checkbox"/> Order Checks
<input type="checkbox"/> No Balance View	<input type="checkbox"/> ES	
<input type="checkbox"/> Work ACH Exceptions		

Scenario 3

Access to transactions only:

<input checked="" type="checkbox"/> Transaction Inquiry	<input type="checkbox"/> Define Non-Rep Wires	<input type="checkbox"/> Upload Positive Pay
<input checked="" type="checkbox"/> Statement Inquiry	<input type="checkbox"/> Edit Non-Rep Wires	<input type="checkbox"/> Work Positive Pay Items
<input checked="" type="checkbox"/> Current Day Balance	<input type="checkbox"/> Define Rep Wires	<input type="checkbox"/> Download ARP File
<input checked="" type="checkbox"/> Prior Day Balance	<input type="checkbox"/> Edit Rep Wires	<input type="checkbox"/> Upload ARP
<input checked="" type="checkbox"/> Stop Inquiry	<input type="checkbox"/> Transmit Wires	<input type="checkbox"/> Work ARP Items
<input type="checkbox"/> Stop Additions	<input type="checkbox"/> Bill Payment	<input type="checkbox"/> Transfers
<input type="checkbox"/> Passport	<input type="checkbox"/> View Rates	<input type="checkbox"/> Order Checks
<input type="checkbox"/> No Balance View	<input type="checkbox"/> ES	
<input type="checkbox"/> Work ACH Exceptions		

Scenario 4

Positive Pay access (must have account level access too):

<input type="checkbox"/> Transaction Inquiry	<input type="checkbox"/> Define Non-Rep Wires	<input type="checkbox"/> Upload Positive Pay
<input type="checkbox"/> Statement Inquiry	<input type="checkbox"/> Edit Non-Rep Wires	<input type="checkbox"/> Work Positive Pay Items
<input type="checkbox"/> Current Day Balance	<input type="checkbox"/> Define Rep Wires	<input checked="" type="checkbox"/> Download ARP File
<input type="checkbox"/> Prior Day Balance	<input type="checkbox"/> Edit Rep Wires	<input checked="" type="checkbox"/> Upload ARP
<input type="checkbox"/> Stop Inquiry	<input type="checkbox"/> Transmit Wires	<input checked="" type="checkbox"/> Work ARP Items
<input type="checkbox"/> Stop Additions	<input type="checkbox"/> Bill Payment	<input type="checkbox"/> Transfers
<input type="checkbox"/> Passport	<input type="checkbox"/> View Rates	<input type="checkbox"/> Order Checks
<input type="checkbox"/> No Balance View	<input type="checkbox"/> ES	
<input checked="" type="checkbox"/> Work ACH Exceptions

Bill Pay Permission Detail

The information in this section details all of the entitlements that are available for users using the Bill Pay system. Refer to the Enable User Bill Pay Access section of this guide to grant entitlements.

Payments & Payroll

- **Schedule Bill Payments** – Users can schedule payments to “all” payees unless settings are changed to “specific” payees.
- **Schedule Email Payments** – Users can schedule payments to “all” email payees unless settings are changed to “specific” email payees.
▲ **Note:** *Email Payees receive payments directly deposited into their bank accounts.*
- **Establish Payment Caps** – No limits on payment amounts.
To restrict amount authority for a user, select and designate maximum payment amount.
▲ **Note:** *Payment cap can be applied to “all” or “specific” payees.*
- **Tax Payments** – Access link to Electronic Federal Tax Payment Systems (EFTPS).
- **Designate Pay From Accounts** – Payments can be issued from all company accounts.
To restrict accounts the user can make payments from, select this right and designate accounts.
- **Payment History** – Search and view payment history.
- **Payroll Deposits** – Schedule and process payroll deposits (Click plus (+) to grant access, minus (-) to remove access).
- **Add Employees** – Enter and edit employees within payroll (Click plus (+) to grant access, minus (-) to remove access).

Transfers

- **Add Transfer Accounts** – Create a new transfer account.
- **Schedule Transfer** – “all” transfer accounts available to schedule transfers for, unless this is changed to “specific” transfer accounts.
- **Establish transfer caps** – No limits on transfer amounts.
To restrict transfer amount authority for a user, select this right and designate transfer cap amount.
▲ **Note:** *Transfer cap can be applied to “all” or “specific” transfers.*
- **Transfer history** – Search and view payment history.

Payees

- **Manage Payees** – Enter and update payee information.

Options

- **Access Reports** – Search and view reports such as Payments Processed, Payment Changes, Payments Stopped, Payees Added, Transfers Processed.
- **Update Company Info** – Dual signatures can be turned on/off on the Company Profile page.
- **Manage Bill Pay Users** – Edit individual’s user rights.
▲ **Note:** *High Risk – Recommend only assigning this right to owners or managers.*
- **Manage Pay From Accounts** – Add, edit or delete new Pay From Accounts.

Schedule Reminders – Set custom reminders.

Approve Authority – Only Administrators have access to Approve Transactions by default.

Troubleshooting Login Errors

If the user encounters login errors, collect the **Information Message** that is displayed on their screen and refer to the appropriate resolution below and on the following pages.

Invalid Online Banking ID or Password

Information Message: Invalid Online Banking ID or Password

Resolution:

- Confirm they are typing their correct **ID**.
- Verify the user Status is **Locked**.
- Provide a temporary password. (*A temporary password can still be provided if they are in Active status.)

Step 1

In Online Banking, click **Cash Management > Users > CM User List > Select options... > User Settings**.

The screenshot shows the 'Cash Management' menu with 'Users' highlighted. Below it, the 'CM User List' is visible. The 'Cash User Listing' table has columns for User Name, Online Banking ID, and Status. A dropdown menu is open for the first user, showing options: 'Select option...', 'User Settings' (highlighted), 'Default Settings', and 'Delete'.

Step 2

Type in a new password in the highlighted password fields. Then scroll to the bottom and click **Submit**.

The user's Status will update to **Reset**.

Provide the temporary password to the user.

They will not be able to reuse any of their last 4 passwords when prompted to personalize their password.

The screenshot shows the 'Cash User Settings' form. It includes fields for User Name (Joe Smith), Email Address (jsmith@gmail.com), Online Banking ID (j0e\$mith1), Online Banking Password (highlighted in yellow), and Confirm Password (highlighted in yellow). A note at the bottom says 'Note: Leave blank to keep current Password'.

Attempting to Login from Unknown Source

Information Message: Attempting to login from unknown source.

Resolution:

- Collect the IP address from that user's computer. The IP address can be collected from: <http://www.whatismyip.com> Sample IP Address: 69.134.15.47
- Contact the bank to request the new IP address be added to the authorized address list.

Troubleshooting Login Errors

Outside of Your Allowed Access Window

Information Message:

We're sorry. We were unable to log you in because you are outside of your allowed access window. Please contact your administrator for more information.

Resolution:

Review user's login schedule; adjust as needed.

Online Security: We recommend expanding hours to better match the user's login needs rather than allowing All Day hours. This security feature protects online information from external threats during unusual or unnecessary hours.

Step 1

In Online Banking, click **Cash Management > Users > CM User List > Select options... > User Settings**.

The screenshot shows the 'Cash Management' section with a red box around the 'Users' link. Below it, the 'CM User List' is visible. A table lists users with columns for User Name, Online Banking ID, and Status. A dropdown menu is open for the first user, showing options: 'Select option...', 'User Settings' (highlighted with a red box), 'Default Settings', 'Account Settings', and 'Delete'.

Step 2

Edit the daily **Access Times**, then scroll to the bottom and click **Submit**.

▲ **Note:** Make sure the correct time zone is selected.

Example: If this user attempts logging in at 7:58 am or on a Saturday/Sunday, they would receive the login error.

The screenshot shows the 'Access Times' configuration form. It has a table with columns for 'Access Times', 'Begin Time (hh:mm AM/PM)', and 'End Time (hh:mm AM/PM)'. The rows represent days of the week from Monday to Sunday. Each row has time selection fields (hour, minute, AM/PM) and checkboxes for 'Never on this day' and 'All Day'. For Saturday and Sunday, the 'Never on this day' checkbox is checked. At the bottom, there is a label 'All times are' followed by a dropdown menu set to 'Mountain Time'.
